WELCOME TO THE MISSISSIPPI

On behalf of the Board of Directors, staff and your fellow members, welcome to the Mississippi Golf Club!

There are many reasons we are proud of our club. The Mississippi was established in 1915, expanded to 18 holes in 1986, and is now widely considered by members and guests alike to be the “hidden gem” in the Ottawa Valley. The nine holes added in 1986 were designed by the renowned golf course architect, Graham Cooke.

The Mississippi Golf Club recognizes that great golf requires a great golf course and the staff to look after it. In 2017, we have invested in many upgrades both on and off the course. Our new automated watering system will go live in the spring of 2018.

We have a challenging golf course that is maintained with care and dedication. The members own the golf course, so we all have a say in how the club is run.

One of the special things you may enjoy about the Mississippi is the many club events and tournaments we organize for male, female, couples and junior members. In addition to the Intersectional teams and Club Championships, which are common to most local golf clubs, we host a range of in-house tournaments for golfers of all abilities. Teams from Mississippi also compete at different levels against other clubs in the Ottawa Valley and the St. Lawrence Seaway. The Mississippi also has an excellent junior program that continues to grow and has had great success representing us at events in and around Ottawa. On the other hand, if you just want a game with family and friends you have also come to the right place as every effort is made to accommodate both the competitive and casual golfer.

This Members' Guide provides information on the competitive events, the handicap system, how to reserve a tee time and the Mississippi Golf Club's Rules and Regulations.

Mississippi is an active club that, while primarily oriented towards its members, also welcomes guests and green fee players. We encourage you to become involved in the club by attending our spring and fall meetings and by volunteering to help with tournaments and other events. We also encourage you to support the clubhouse, restaurant and Pro Shop, and to take full advantage of your membership by getting out to the course as often as possible.

Again, welcome to the Mississippi. See you on the links!

RESERVING A TEE TIME

Tee Time Reservation Procedures

For play on weekdays, you can reserve tee times up to 8 days in advance. A member can reserve tee times for two groups (up to eight golfers) per day. When booking, you must provide the names of all members and guests for whom you are reserving a time, see page 31 for restrictions on green fee play on weekends and holidays.

For weekends and statutory holidays, you can request a time up to 8 days in advance. However, because of the high demand for times on weekends and holidays (several groups may request the same time), a lottery system is used to assign tee times at random. You can request that two times be linked, so that the groups will play one after the other. As a result, tee times for weekend and holiday play are not posted until 10:00 a.m. on the Wednesday morning before the weekend. If you do not receive your requested weekend time you will be assigned another tee time as close as possible to the time you requested.

You may find that certain times are not available for booking. In some cases, these may be “starter” times, which have been set aside by the Pro Shop to allow for normal delays in play and other circumstances. If you are using the on-line reservation system and see a notation such as MGC Men, MGC Women, MGC Seniors or MGC Mixed in the time slot you want, this means the time has been blocked off for one of the club events described later in this guide.

The on-line reservation system will not accept new tee times, changes or cancellations after 7am on the day of play. In this case, you must call the Pro Shop directly.

HELP screens are available at all times when using the on-line reservation system. However, if you have any trouble with the system, please don't hesitate to contact the Pro Shop for assistance.

Members of Mississippi Golf Club can book tee times in one of two ways:

- by using our on-line reservation system at www.mississippigolfclub.org; or
- by calling the Pro Shop at 613-257-3396 ext 1

Using the On-Line System

As a new member, once your fees are paid you will be assigned a personal ID and Password that will allow you to access the on-line reservation system (if you have not received this information, contact the Pro Shop). After logging in, you will have one of four choices:

- “Make a Reservation” – this allows you to enter a date and time when you wish to play and to book other golfers (members or guests) in your group.
- “View or Change a Reservation” – this is the button you select to change or cancel an existing reservation.
- “View Daily Tee Sheet” – this allows you to view tee sheets for the next 8 days. You can use this option to see what tee times are available and book a tee time or to add yourself to an existing group, when a spot is available.
- “View Your Profile” – this selection provides general information on your membership status and allows you go to change your system password.

Calling the Pro Shop

If you do not have Internet access or do not wish to use the on-line reservation system, you can call the Pro Shop directly.

- Call the Pro Shop at 613-257-3396 ext 1

The same restrictions apply in terms of advance booking for weekday and weekend/holiday play.

Tee Time Reservation Policy

Our club normally has its highest demand for tee times on weekend and holiday mornings. It is our intent to optimize the use of available tee times and ensure equitable access to the most desirable tee times for all members. To assist in this regard, all members are reminded to follow a few basic guidelines:

1. Each member and invited guest, who is listed on the Tee Sheet, is expected to play at the time booked. If someone finds, subsequent to booking, that he/she is unable to play at the booked time, that person is expected to remove his/her name from the tee sheet, either through the reservation system or by calling the club, as soon as possible.
2. When booking a tee time for a group, you are expected to book only names of members or guests that you know intend to play at that time and ensure that all persons booked know that they have a booked tee time. NO SHOWS are not acceptable.

2. If you book a tee time for less than four persons, you are expected to leave blank spaces for other people who may wish to play at that time.

MAINTAINING A HANDICAP

The Handicap System

Handicap is the number of strokes a player receives to adjust his or her score to the level of scratch golf. For example, a golfer who consistently shoots 87 on a par 72 golf course would have a handicap of 15. The handicap system depends upon members entering full and accurate information about their scores, whether recorded at the Mississippi Golf Club or elsewhere. All scores must be recorded – both good and bad – to ensure fair handicaps.

Each member is responsible for maintaining his or her own handicap, using the Golf Canada system (see below). Handicaps must be kept up to date by players who wish to participate in tournaments at Mississippi or elsewhere. Players who do not adhere to the spirit of the handicap system may be disqualified from competition.

Subtracting a player's handicap from his or her gross score results in a net score. This system is a great equalizer among players of different abilities, and is used for awarding prizes at most club events.

For handicap purposes the *Active Season* at Mississippi Golf Club is

15 April until 31 October.

Scores made at any golf course observing an inactive season are not acceptable for handicap purposes. Scores made at a golf course in an area observing an active season must be posted for handicap purposes, even if the golf club from which the player receives a Handicap Factor is observing an inactive season. The club's Handicap Committee must make it possible for a player to post these away scores at the beginning of the active season.

Example: If a player belonging to a golf club in Ontario plays golf in Florida, any scores made in Florida are acceptable and must be returned to the player's Ontario golf club. If the player is also a member of a golf club in Florida, scores must be posted to the player's Florida club.

A Handicap Committee monitors the entry of scores from Club tournaments and qualifying events. The work of this Committee provides the assurance to all members that all handicaps are valid.

Golf Canada

Mississippi Golf Club subscribes to Golf Canada – an on-line handicapping system that is accessible from any computer (including the clubhouse computer) with Internet access. The web site address for Golf Canada is www.golfcanada.ca.

As a member of Mississippi, you will be given a Username and Password (assigned by the Pro Shop) that will allow you to access the Golf Canada system to record your scores and maintain a handicap (this is separate from your personal ID and Password for the on-line reservation system). Set up for a new member generally takes about a week.

It is important that you enter scores for both 18-hole and 9-hole rounds. The Golf Canada handicapping system will automatically adjust for 9-hole scores. (More information on the handicapping system is available on the Golf Canada web site).

Golf Canada uses the best 10 of your last 20 scores to calculate a *handicap factor*, which is then used to determine your handicap from different tee blocks at Mississippi or when playing another golf course. A list of factors and their associated handicaps for Mississippi is posted in the clubhouse; you can also do your own calculation on-line using the Golf Canada website.

The Golf Canada system also allows players to:

- track other statistics (e.g., greens in regulation, number of putts per round, etc.);
- receive information on club events and other news;
- create player lists;
- track your golf games;
- communicate by e-mail with other club members;
- maintain a golf calendar; and
- do much more

World Handicap System (WHS)

Golf Canada will be adopting the new rules of the World Handicap System as it is introduced over the next 2 years. 2018 will be a year that prepares and communicates the changes and highlights of the system which is to launch in 2020.

Equitable Stroke Control

Equitable stroke control means that a golfer's score for any single hole is limited to a specified number of strokes over par for handicap purposes. Equitable stroke control is used only when your score for a hole exceeds the maximum number allowed. Effective March, 2012 the equitable stroke control was changed by Golf Canada, as shown in the following table.

Handicap	Maximum Number Of Strokes On Any Hole (HDCP Purposes Only)
9 or less course handicap	2 over par
10-19 course handicap	Maximum score of 7
20-29 course handicap	Maximum score of 8
30-39 course handicap	Maximum score of 9
40 and over course handicap	Maximum score of 10

Equitable stroke control is used for handicap purposes only (i.e., when entering a score in the computer). When submitting a score to the Match Committee in any competitive event, the player must record all strokes taken on each hole.

Course Rating and the Slope System

The course rating is an evaluation of the playing difficulty of a course compared with other similar rated courses, based on yardage and the ability of a scratch player. The Golf Canada slope system provides a rating of a course's relative difficulty for players of all levels. The system takes into account all factors that affect the playing of the course (including location of traps and hazards, etc.), thereby resulting in a better assessment of the course's difficulty and fairer competition for players. The course ratings and slopes for the Mississippi Golf Club are provided on the score card and they are posted in the Clubhouse.

If you intend to play at another course and wonder about its level of difficulty compared to Mississippi, simply compare the slope ratings. Courses with a slope rating of 135, for example, would be considerably more difficult than playing Mississippi from the blue tees. A course with a rating of 110, on the other hand, would be an easier test of your golf skills than playing Mississippi from the gold tees.

Allocation of Handicap Strokes

The scorecard for Mississippi Golf Club (and other courses) provides a handicap rating for each hole, based on its level of difficulty compared to all other holes on the course. This rating is used for match play and certain other types of competition.

For example, if a 16-handicap is playing a match against a 12-handicap, the 16-handicap would receive four strokes over the 18 holes of the competition – one stroke on each of the four most difficult holes on the course as rated on the scorecard. If the 12-handicap recorded a par on the most difficult hole on the course, and the 16-handicap recorded a bogey, the hole would be

halved (tied). If both golfers scored par, the 16-handicap would win the hole by virtue of having a handicap stroke on that hole.

A, B and C Classes for Men

During club tournaments and other events at Mississippi, golfers usually compete within different classes (also known as divisions or flights), based on their handicap. The handicap divisions for Men are as follows:

- A Class – for players with a handicap of 0 to 9;
- B Class – for players with a handicap of 10 to 18; and
- C Class – for players with a handicap of 19 or higher.

Local Rules

Like most golf courses, Mississippi has Local Rules that have been established for a variety of reasons including speed of play, protection of young trees, hedges and flower beds. You should familiarize yourself with the Local Rules, which are posted in the clubhouse; Pro Shop; on our web site; and listed on our scorecard in abbreviated form.

The Playing Season

There are no set dates when play begins or ends for the season. Mississippi Golf Club will open only when the course is physically ready for play, based on weather and other conditions. To check on the beginning of play call the Pro Shop after April 1, or log onto www.mississippigolfclub.org. The course remains open for play into the fall, weather permitting. The restaurant / bar and club storage, however, typically close around the 3rd week of October.

Playing during the Winter Season

Players playing in the south during the winter months must enter all or their last 20 scores into the Golf Canada system prior to playing in any competitive event at the Mississippi.

Pace of Play

By keeping play moving at a reasonable pace, we can all help to ensure an enjoyable golf experience for everyone on the course. At Mississippi Golf Club we are expected to complete 18 holes in 4 hours.

Members are asked to:

- Always keep up to the group in front;
- If you fall behind by more than one open hole, speed up play to catch up, otherwise, waive the group behind to let them pass; and

- **NEVER** challenge other groups on their pace of play.

The Pace of Play will be monitored by the Pro Shop. Slow play by members will be reported to the Club Captain and the Board of Directors. Slow play by Green Fee players will be handled by the Pro Shop.

Club Meetings

Mississippi Golf Club holds three regularly scheduled meetings each year:

- The first *Nine and Dine* is a social gathering for new and returning members, usually held on a Friday afternoon in late May. This is your opportunity to meet the Board of Directors and other members of the club and to introduce yourself to our Pro/Manager and other staff.
- The *Spring Shareholders Meeting* is held to review and approve the financial statements from the previous year and to discuss general items of new business; and
- The *Annual General Meeting* (AGM) is held in the fall to elect the Board of Directors for the next year. A notice and an agenda for both the *Spring Shareholders Meeting* and the *AGM* is sent to all members with a voting share at least 10 days prior to the meetings.

Lockers

Lockers may be rented for an extra fee (\$35 per season for a half-locker; \$75 for a full locker). Ask in the Pro Shop about availability.

“Food Money”

For Fully Privileged members, your annual membership dues include a mandatory food charge of \$150 per person to support the club’s restaurant. Once your dues have been paid in full, ask for your “food money” in the Pro Shop.

Driving Range

There are two options for using the driving range: purchasing an annual membership, which allows you unlimited use (a fee is charged over and above your annual dues); or purchasing individual buckets of balls. Ask in the Pro Shop for details.

Club Storage

The club storage fee supports the Pro Shop operations and is mandatory, even if you choose not to use this service. The fee includes cleaning and storage of your clubs after every round. Please note that Mississippi does not insure your golf clubs; this should be arranged through your home/personal insurance. The Mississippi Golf Club and the Pro Manager are not liable for lost or damaged clubs or equipment.

For security reasons, the club storage area is off limits to members. If you need access to your golf bag at any time, ask one of the back-shop staff for help.

Men's Opening

The Men's Opening tournament is an 18-hole stroke play event, with prizes awarded for low gross and low net scores in each class (A, B, C). The top golfers (low net) in each class (A, B, C and Senior) in the Men's Opening qualify for Match Play, see below, (unless they have indicated they do not wish to participate). The Men's Opening is held in mid-May. This is a great way to meet members and kick-off the season: watch for the sign-up sheet in the men's lounge. Five

Day members are allowed to play in this event with payment of a green fee, but are not eligible to match play.

Men's Day League (Sunshine Boys)

The format for this 18-hole event varies from week to week at the discretion of the Men's Day Coordinator. Players pay a small fee to participate each week, which covers prizes. Those wishing to participate must sign up on a week-to-week basis. The sign-up sheet is removed on Friday of each week and the draw is posted in the men's lounge on the weekend. Men's Day play usually begins in mid-May and runs every Wednesday morning into September (except for Member Guest day). This event is particularly popular with retired members, but is open to all full members.

Men's Night

Men's Night is a weekly 9-hole event that runs every Thursday from mid-May to mid-September. An entry fee is paid at the beginning of the season that includes the meal at the Men's Night Closing and the 50/50 draw for the full season. Golfers also pay a small fee to play each Thursday, which covers prizes. You must sign-up for Men's Night at the beginning of the season. Teams are selected by random draw on the first evening of Men's Night. A modified Stableford scoring system is used to award prizes in A, B and C classes each evening. Prizes are also awarded to the overall point winners and the winning teams at the end of the season. Men's Night play begins at 11:30am. A guest rate is available (one guest per member). Tee times are between 11:30am and 5 pm. You may arrange your own foursome, and book a tee time, or just show up to join a group on the first tee. A tee times must be booked ahead right up to 5pm. Before starting your round, pick up your Men's Night scorecard and pay your weekly entry fee in the pro-shop.

Match Play (A, B, C and Senior)

To qualify for the Match Play competition, you must play in the Men's Opening event. The top golfers (low net) in each class (A, B, C and Senior) in the Men's Opening automatically qualify for Match Play (unless they have indicated they do not wish to participate). The initial elimination matches for each class will be posted in the men's lounge. The winner of each match (handicaps come into play for each match) moves to the next round until an overall winner is declared for each class. Competitors are responsible for arranging their match and booking a tee time. All matches must be completed by the date indicated on the match play board in the men's lounge. Failure to do so may result in the disqualification of both players. Prizes for the winner and runner-up of each class are presented at the Men's Closing event.

Jarvis Hunton

The Jarvis Hunton is 2-man, one round team event. The Chapman Format is used. Each team member hits from the tee. Each team member hits a second shot with his partner's ball. The player whose second shot is not selected plays the third shot, and then shots are alternated between the two team members until the ball is holed. Each team's net score is determined by deducting 40 per cent of the total team handicap from the gross score. The Jarvis Hutton is usually played in June.

Ian Lamb 4-Ball Better Ball

This tournament will be known as the Ian Lamb 4-Ball Better Ball going forward to honour one of the finest players and gentleman to ever have played at the Mississippi. The 4-Ball Better Ball is also a 2-man, one-round team event. In this case, all competitors play their own ball, and the best net score from the 2-man team is recorded on each hole (handicap strokes are taken on each hole according to the player's handicap and the score card rating for the hole). The team in each class (A, B and C) with the lowest total net score over 18 holes is declared the winner of that class. The tournament is usually played in July.

Senior Invitational

The Senior Invitational is open to golfers from Mississippi and other clubs who have an established handicap. This is a one-round stroke play event, with prizes awarded in different categories. There is one crossover draw beginning at 8:30 a.m. Interest in this event is generally high, so book your spot early.

Club Championship (Open Division)

The Open Club Championship is a two-round, stroke play event. The golfer with the lowest gross score over two rounds wins the Men's Club Championship. In the event of a tie, the players involved compete in a sudden-death playoff. The Club Championship is held in August. Play is from the white tees on day 1 and the blue tees on Day 2.

B and C Class Championships

The B and C Class Championships are open to members in each class, based on their handicaps. These championships are two-round, stroke play events. The golfer with the lowest gross score over both rounds wins the championship for that class. In the event of a tie, the players involved compete in a sudden-death playoff. The B and C Class Championships are also held in August, in conjunction with the Club Championship (Open Division).

Senior Club Championship

The Senior Club Championship is a two-round, stroke play event and is open to all adult male

members 50 years of age or older (excluding 5 day members). The golfer with the lowest gross score over both rounds wins the Senior Club Championship. In the event of a tie, the players involved compete in a sudden-death playoff. Prizes are also awarded to the low gross and low net winners in each age division (50-56, 57-62, 63-69 and 70+). The Senior Club Championship is held in August.

Men's Closing

The Men's Closing tournament is an 18-hole, 4-man team best ball event, with prizes awarded for low gross and low net scores. This event is held in mid October and the entry fee includes a meal. Year-end awards and trophies are presented at the Men's Closing. Don't miss this opportunity to close out the season with a bang! Five Day members are eligible to play in this event with the payment of a green fee.

The format is 2-ball alternate shot play. The Playing Committee will post 9-hole matches on an elimination chart, with all matches to be completed in a one-day event. For 9-hole matches, 50 per cent of the combined team handicap, rounded up to the nearest whole number, will be used.

Ladies 4-Ball Better Ball

This is an 18-hole team competition sponsored by Stanley Sanitation. All competitors play their own ball, and the best net score from each 2-lady team is recorded on each hole (handicap strokes are taken on each hole according to the player's handicap and the score card rating for the hole). The team with the lowest net score over 18 holes is declared the winner. A plaque is

Ladies' Closing

The theme for the Ladies' Closing and the method of play is determined by the Ladies' Captain. This is meant to be a light-hearted, fun tournament to wrap-up the season. All full members are encouraged to participate; the entry fee includes a meal. Year-end awards and trophies are presented at the Ladies' Closing.

Miscellaneous

The following three activities are played from Ladies' Opening to September. Players must sign-up and pay a small entry fee to participate in each activity.

- **Birdies** – Any time a participating player scores a birdie, whether during a 9- or 18-hole game, they use a special chit to deposit their name in the entry box. Birdies are recorded in a birdie book in the ladies' locker room, and the lady with the most birdies throughout the season wins the top prize at the Ladies' Closing. Secondary prizes are also awarded by drawing names from a hat that contains the names of all remaining participants.

- **Chip-Ins** – When a participating player chips the ball in from off the green, whether during a 9- or 18-hole game, they use a special chit to deposit their name in the entry box. A chart with the tally is posted on the bulletin board in the ladies’ locker room. The player with the most chip-ins throughout the season wins the top prize at the Ladies’ Closing. Secondary prizes are also awarded by drawing names from a hat that contains the names of all the remaining participants.
- **Ringers** – This fun, season-long competition gives players an idea of what their potential best score would be. An 18-hole score card must be submitted to originate a baseline ringer score. When a player improves on a hole, a chit is filled out and recorded in the ringer book located on the desk in the ladies’ locker room. Year-end prizes are awarded for the lowest 18-hole ringer scores in all classes.

Check the bulletin board in the ladies’ locker room for more details on these activities.

Handicap Pin

A Handicap Pin is awarded annually to the player who has achieved the greatest reduction in her handicap. To be eligible, the player must have an established current and valid handicap at the Mississippi Golf Club with a minimum of 25 games played in both the previous and current year (this will eliminate the possibility of players who have been away from the Club for an extended period of time winning on that basis). The winner of this pin is determined by using the formula provided by the district, and their name is also submitted to the district to determine if they qualify for the district award as well.
