

Reduced Membership Rate for Junior Golfers

To stimulate the growth of the game and increase the club's junior membership, the Mississippi Golf Club has drastically reduced its membership fee for junior golfers. The new fee for juniors (age 10-18) is now \$199, plus HST. This fee includes Golf Canada membership and golf handicap services.

The Club is located in Appleton, close to Carleton Place and Almonte, and offers beautiful facilities and exceptional playing conditions. Our golf course is among the most highly rated in Eastern Ontario.

We are proud of our junior members. On occasion, our Men's or Women's Club Champion has been a junior member. The Club is semi-private and owned by its members. We do accept green fee players as well.

In addition:

1. If a **new** fully-privileged member (age 40+) also joins the club, their child/grandchild's membership fee will be waived for the first year.
2. If a **new** limited-play member or intermediate member (under age 40) also joins the club, their child/grandchild's membership fee will be discounted by \$100 for the first year.
3. An optional full-season driving range membership for junior members is reduced to \$99.
4. Club storage is an option for juniors at an additional cost.
5. Junior members may book tee times from noon on (7 days per week).
6. Junior golf clinics will be provided by the pro shop
7. A seminar will be held on the rules of golf and golf etiquette. All juniors who are relatively new to the game are encouraged to attend this seminar.
